

Where things are

- The JQuery transitions are in the page tabs.
- The interactive map is on the “Where have we surveyed” page
- The video is on the “about” page
- The image gallery is also on the “About” page

Why?

I chose to redesign the website of my employer because their website has not been updated since ~2007 and is so out of date that their video does not work anymore. I received permission to use the company image and resources from their current site for educational purposes. I am hoping that if I continue to work on this site over the break, I can convince the company owner to leave his current Webmaster and hire me for a redesign and facelift.

You can find their current website at [this address](#).

Attached you can find a scan of my written permission to use the image of AAL Land Surveying Services, inc.

AAL Land Surveying Services, Inc.

Andrew Powshok, P.L.S., President

December 17, 2015

To whom it may concern:

Steven Carter as AAL Land Surveying Services, Inc. permission to use our company logo for educational purposes in class assignments.

Thank you,
Andrew W. Powshok, PLS
President
